- **I Love to Pray:** Children can become powerful prayer warriors! They have faith and determination and can be taught to be sensitive to the voice of the Spirit in prayer. I Love to Pray will show them how. This 40-day devotional provides kids with the tools they need to soar as intercessors. Its exciting stories, motivational suggestions, and simply theology will connect children to Jesus Christ and set them up for a lifetime of experiencing His presence when they pray.

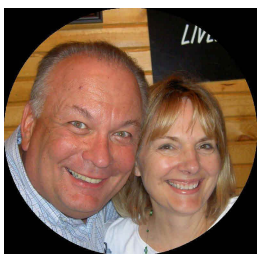

- **Hiding Places:** Using realistic photography and the interpretational art work of children, Hiding Places invites the reader to find his/her hiding place in God. Bringing authenticity to the need to find a safe hiding place, Kathleen includes the true story of Eduardo's search for a hiding place.
- **Kids Love to Pray Too!** A powerful 8-week curriculum for children that teaches the concepts of prayer that are presented in I Love to Pray. This teacher friendly curriculum will get your kids on the right track with prayer. It can be used in a Sunday School, Children's Church or home setting.
- **God Speaks:** Genesis through Revelations contain story after story of individuals who talked with God. God Speaks explores the different ways in which God spoke to the people and their responses. It also encourages the participants to continue to listen for His voice and to respond to it.
- **Songs for Children:** This collection of "New Songs" will delight the heart of the listener. The songs are predominately the songs of children expressing their praise and worship. The youngest palmist is three and a half years old.

Dear Friends;

Praise be to the God and Father of our Lord Jesus Christ, the Father of compassion and the God of all comfort, ...2 Corinthians 1:3 Since Walt's death in March, I too am beginning to know God as the God of all comfort and slowly finding a new rhythm to life. Thank you for your prayers, words of encouragement, help during the past months and for the flow of the "Paraclete" through you.

After Walt's Celebration of Life Service, neighborhood children met me at the door. Over the weeks we have sat together, prayed, laughed, cried and told Walt stories. Their sensitivity to the workings of the Holy Spirit has born witness in me again of the beautiful flow of the Spirit through children. Thank you for your continuing prayers and support.

Blessings,
Kathleen
